DEAR EDITOR:
Please publish this statement in your paper. A divorce was granted to me in the Third Division of the District Court of Wyandotte County recently, giving me all property, both real and personal, including everything located at my residence here in Kansas City. I make this statement not because I have any desire, whatsoever to make any publicity of our separation, for indeed this is a very sad occasion but because of the many unfair and dishonest things that have been said concerning me.

Respectfully,

MASONIC.

An echo of the big time which the Templars had here last Thanksgiving was heard last Sunday at Masonic Temple when formal hearing was given by the executive board of the Missouri Valley Association on protests filed against the cup award to Emanuel Commandery.

As the protesters were also the junior in the trial it is hardly necessary to state the result of the hearing. There were attorneys for each side and the grilling of some of the witnesses several times reached the point of excitement. It was admitted as claimed that Emanuel Commandery had been ordered off the floor before completing the drill schedule and that the award had been made somewhat irregularly upon less than half of the required tickets. Emanuel claimed that the judges had agreed upon this plan and of the two judges present at the investigation one corroborated the claim and the other denied it. The cup was ordered to be returned to the executive committee and the award annulled pending a more satisfactory contest. Of course Emanuel is "sore," but sober reflection will result in submission to the will of the majority and the fine organization of Knights will not be disrupted. —Herrford.
